

GLOBAL SupplyLine

PRODUCT RANGE

GLOBAL SupplyLine

WIDEST RANGE, HIGHEST QUALITY

Global Supply Line (GSL) stocks and supplies a comprehensive range of cast and forged valves. In addition we are able to supply actuator systems and other process and pipeline products.

GSL maintains a vast stock holding of over \$50 million in valves and piping products to provide customers with ex-stock availability.

Our warehouse stocks more than 9,000 line items that meet a wide range of requirements for different industries.

All manufacturers are certified to meet the relevant industry required benchmarks such as ISO 9001, API 6D, API 6A, API 600, CE and PED. In addition all materials supplied are manufactured in accordance with required standards such as API, ASME, AS and BS.

PRODUCT RANGE SUMMARY

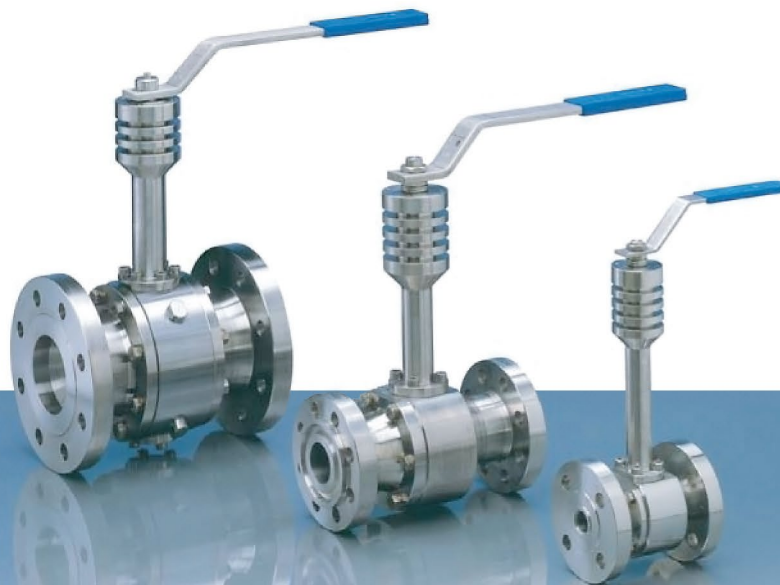

PRODUCT TYPE	MANUFACTURER
Ball Valves - Floating	Starline Italy
Ball Valves - Trunnion	JC Valves Spain
	Sferova Italy
	Australian Pipeline Valve
Ball Valves - Multiway	Starline Italy
Ball Valves - DB&B	Colson Industries UK
	Flowturn Australia
Butterfly Valves - Lined	Superseal Australia
Butterfly Valves - High Perf.	OMB Spa Italy
Check Valves - Wafer (Dual & Single Flap)	Supercheck Australia
	JC Valve Group Spain
Control Valves	CVS Controls Canada
Relief Valves	Northvale Korting UK
Diaphragm Valves	Flowturn Australia
Gate, Globe & Check Valves Steel	Australian Pipeline Valve
	JC Valves Spain
	Bonney Forge Italy
	Steamco Australia

PRODUCT TYPE	MANUFACTURER
Gate Globe & Check Valves Iron	Flowturn Australia
Knife Gate Valves	Flowturn Australia
Needle Valves	Flowturn Australia
Plug Valves	Australian Pipeline Valve
	Galli & Cassina
	Franklin USA
Sight Glasses	Flowturn Australia
Strainers & Sight Glasses	Flowturn Australia
	JC Valves Spain
	Australian Pipeline Valve
Actuators & Gear Boxes	Air Torque Italy
	Torqturn Australia
	Bettis & Biffi
	Diamond Gear Australia
Wellhead Equipment & Chokes	Neway Oil
	Merla USA
	Australian Pipeline Valve
Flanges, Fittings, Studs, Gaskets, Hammer Unions & Swivels	Wilhelm Geldbach
	Parveen

MANUFACTURERS

This list below contains our main manufacturers. If you are interested in other manufacturers please contact us.

PROCESS & PIPELINE VALVES

- Cast and Forged Gate, Globe and Check Valves
- Ball Valves Floating and Trunnion mounted
- Butterfly Valves resilient seated and metal seated, centric, double & triple eccentric
- Multi-way Ball Valves
- Double Block and Bleed Ball Valves
- Plug Valves lubricated, sleeved and lined
- Dual and single flap Wafer Check Valves

Size Range	6NB to 1400NB (1/2 to 56")
Standards	ANSI, API, AS, BS, DIN
Rating	150 to 2500 ANSI Class and API 2000 to 10,000
End Connections	Flanged RTJ, RF & Undrilled, BSP, NPT, Buttweld and Socketweld
Material	Carbon, Iron, Stainless, Duplex and Alloy Steel

WE STOCK AND SUPPLY THE FOLLOWING RANGE OF VALVES:

BALL VALVES TRUNNION AND FLOATING FLANGED/BUTTWELD

- Sferova
 - JC Valves
 - Starline
 - Australian Pipeline Valve
- Trunnion and Floating Split Body Firesafe certified Ball Valves 150 to 2500 class and API 3/5000 psi in LF2, A105, 316, 316L, 304, F51, CF8M, CF8 and WCB. Starline and JC are AGA and Shell TAMAP approved. APV are AGA approved and fugitive emission prototype certified.

BALL VALVES SMALL DIAMETER SCREWED/WELD ENDS

- Starline
 - JC Valves
 - Australian Pipeline Valve
- Firesafe certified NPT, BSP, SW, BW and flanged forged ball valves in A105, LF2, 316L, 316 and F51 from class 800 to 2500 class and API 3000 - 5000 psi. Starline and APV are AGA approved and fugitive emission prototype certified.

BUTTERFLY VALVES

- APV-Superseal
 - OMB Valves
 - TTV
- Firesafe certified High Performance and Lined Butterfly Valves in iron, steel and stainless including Teflon, Buna, Viton and EPDM liners in 150 to 1500 class and AS/BS Table D to H flanging.

CHECK VALVES WAFER STYLE

- JC Valves
- Supercheck

Dual Flap and Single Flap Wafer Check Valves in iron, A105, LF2, F51, 304 and 316 body to suit AS/BS Table flanging as well as ANSI 150 to 2500 class and API 3/5000.

GATE, GLOBE & CHECK VALVES

- Australian Pipeline Valve
- JC Valves
- MTM

Cast and Forged Steel Gate/Globe/Check, 150 to 2500 class in weld, NPT & flanged ends, Y-type, welded bonnet and bolted bonnet. Stocking A105, LF2, 316, F11, F22, F5, WCB, LCB, WC5, WC6 and WC9.

PARALLEL SLIDE AND SDNR VALVES

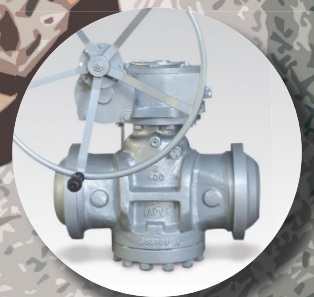

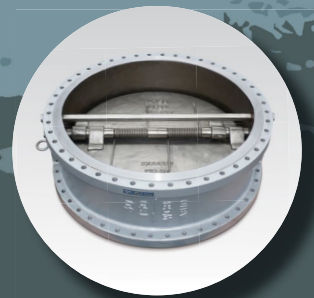

- APV-Steamco

Parallel slide, Piston type globe and check valves, Screw-down Non Return Valves (in line & right angle) for steam service. GSL stock AS/BS Table D to R and ANSI 150 to 1500 in WC6, WC5 and WCB.

PLUG VALVES

- Australian Pipeline Valve
- Energy Valves

Inverted plug, pressure balanced, lubricated Plug valves. All brands are firesafe certified from 150 to 2500 class and are stocked in flanged and weld ends. Energy Valves offers solutions for special and critical service plug valves. Sleeved and lined types also available.

“RARE VALVE STOCKISTS”

SPECIALTY PRODUCTS

ACTUATION AND CONTROLS

- Pneumatic Actuators compact rack & pinion
- Pneumatic Actuators heavy duty scotch yoke
- Hydraulic Actuators linear and 1/4 turn
- Solenoids and Positioners
- Gearboxes 1/4 turn and multi-turn

INSTRUMENT VALVES

- Needle Valves
- Block and Bleed Valves

MINING, ABRASIVE AND SOLIDS VALVES

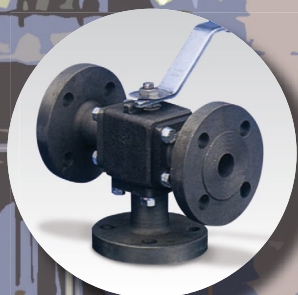

- Diaphragm Valves
- Slurry Valves
- Sluice Valves
- Knife Gate Valves
- Full Port Plug Valves
- Metal Seated Ball Valves
- Ceramic Lined Valves
- High Temperature Valves
- Abrasive Service Valves

SPECIAL SERVICE VALVES

- High temperature Metal Seated Ball Valves
- Lined, Sleeved and Overlaid Valves
- Geothermal Slab Gate Valves
- Cryogenic/LNG Valves
- Fuseable Link Automatic Fire Shut Down Valves

GENERAL INDUSTRIAL VALVES

- Control Valves and Regulators
- Piston and Ball Check Valves
- Cast iron Butterfly, Gate, Globe, Check and Ball Valves
- Multi-way Ball Valves
- Deadman Ball Valves

PIPELINE PRODUCTS

STRAINERS

- Y-type Strainers
- Basket Strainers (Quick release lid and Duplex styles)

PIPELINE SUPPLIES

- Studs (B7/L7)
- Sight Glasses (Double Sided)
- Insulation Joints (Monolithic Joints)
- Gaskets (Spiral and Ring)

FLANGES AND FITTINGS

- Flanges up to ANSI up to 2500 class & API 15,000 PSI
- Orifice Flanges and Spectacle Blinds
- ANSI Butt weld Fittings Schedule 40 to XXS
- Forged Screwed and Welding Fittings 3000lb and 6000lb

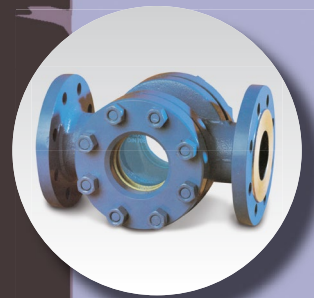

We stock unmachined Shell approved forgings in A105N, LF2, 4130, 410, 316 & 316L & F51 allowing us to rush manufacture ANSI & API Flanges and Wellhead components.

OILFIELD PRODUCTS

API 6A OILFIELD EQUIPMENT

- Chokes
- Expanding/Slab Gate Valves
- Mud Gate Valves
- Plug Valves
- Wellheads
- Ball Valves
- Chiksan style Swivels Unions
- Hammer Unions
- Flanges API 2000 to 15,000

**GSL ARE KNOWN AROUND
THE WORLD AS A STOCKIST
OF SPECIALTY VALVES**
